Summary

Dedicated and detail-oriented Frontend web Developer with expertise in JavaScript, jQuery, and the MERN stack, including React. I am proficient in creating responsive and user-friendly web interfaces using SCSS/SASS. I seek to leverage my skills and experience to contribute to a dynamic team and deliver innovative web solutions that enhance the user experience and meet business objectives.

Experience

Frontend Development

Tech-Hub Innovation Faisalabad

May 2024 to Present

I utilize React.js within the MERN stack to build dynamic and responsive user interfaces, ensuring seamless interaction and real-time updates. I implement SASS/SCSS for modular and maintainable CSS, enhancing the design and aesthetics of web applications while optimizing performance. I develop and maintain interactive web components using JavaScript and jQuery, ensuring cross-browser compatibility and a rich user experience.

Experience

Frontend Web Developer

Elpha Technologies Pvt. Limited-Faisalabad

February 2023 to May 2024

As a Front-end Developer at Elpha Technologies Pvt. Limited, I excel in creating dynamic and intuitive user interfaces. I played a pivotal role in designing and implementing robust web applications, ensuring seamless user experiences and high performance. My proactive approach to

problem-solving and commitment to staying updated with the latest technological advancements significantly enhanced our development processes and product offerings.
